SUMMARY

Flutter & Frontend Web Developer with experience building scalable mobile and web applications for the pharmaceutical and service industries. Skilled in Flutter, React, Tailwind CSS, and REST API integration. Strong focus on clean UI/UX, performance optimization, and cross-platform development with real-world production deployments.

EXPERIENCE

Software Developer Associate <i>Sai Ashirwad Informatia</i>	May 2024 – March 2025 <i>Mira-Bhayandar, Maharashtra</i>
- Delivered 3 Flutter mobile apps (95%+ crash-free) and 2 Flutter PWA apps for pharma clients, increasing engagement by 60%. - Integrated REST APIs, handled complex JSON parsing, and implemented offline caching using Hive. - Resolved 15+ staging and pre-production issues through testing, monitoring, and performance optimization.	
Flutter Developer <i>Appdid Infotech</i>	September 2025 – October 2025 <i>Thane, Maharashtra</i>
- Developed Zappy Rider, a Flutter-based delivery application inspired by Zomato Rider. - Collaborated with UI/UX teams and integrated REST APIs using GetX state management. - Improved navigation flow and reduced UI bugs through iterative testing.	
Software Developer <i>Bonum Edesigns LLP</i>	November 2025 – Present <i>Malad, Maharashtra</i>
- Developed 3 Flutter applications under the Onetwo9 ecosystem using Provider-based modular architecture. - Built responsive web frontends using React, Tailwind CSS, and JavaScript. - Developed reusable React components, handled DOM manipulation, and assisted with Node.js (basic) backend integration.	

SKILLS

- Mobile Development** — Flutter, Flutter PWA
- Web Development** — React, Tailwind CSS, JavaScript, DOM Manipulation, HTML, CSS
- State Management** — Provider, BLoC, GetX
- Languages** — Dart, JavaScript
- API & Networking** — REST APIs, JSON Parsing, HTTP
- Architecture** — MVC, Clean Architecture
- Backend (Basic)** — Node.js, Firebase (Auth, Firestore, Storage, Push Notifications)
- Database** — Hive, Shared Preferences, MySQL (Basics)
- UI/UX** — Material Design, Cupertino, Responsive Design, Animations (basic)

PROJECTS

Hscore – Health Score System - Designed 15+ medical test scales (Gastro, Onco, Cardio, Derma). - Integrated APIs for real-time updates and Bluetooth scorecard printing. - Improved report sharing accessibility via screenshots and PDF exports. Playwise Kids – Educational Game App - Built animated educational games with child-friendly UI. - Integrated Google AdMob for monetization. Calorie Wise – Smart Nutrition Tracker - Built Flutter app using CalorieNinja API for automated nutrition tracking. - Designed intuitive food logging UI for faster user adoption. WebCart – Ecommerce Web Application - Developed a responsive ecommerce web application - Implemented product listing, product details, and cart functionality with dynamic state handling. - Integrated REST APIs for fetching products, managing cart data, and handling user interactions. - Built reusable React components and handled DOM updates efficiently for better performance. ADDITIONAL SKILLS

- Deployment** — Google Play Store, Apple App Store
- Version Control & CI/CD** — Git, GitHub, GitHub Actions
- Design Tools** — Figma, Adobe XD
- Other** — OOP, Responsive Design, Flutter Flavorizr, Thermal/Bluetooth Printer Integration

EDUCATION

• Bachelor of Science - Computer Science	2021 – 2024
Mumbai University	CGPA: 8.45/10.0
• Higher Secondary Certificate	2019 – 2021
Maharashtra Board	86.00%

ACHIEVEMENTS

- Published 4 Flutter applications on Google Play Store & Apple App Store.
- Integrated Lottie & Rive animations, improving engagement by 35%.
- Implemented offline caching, reducing server dependency by 45%.
- Completed multiple marathon events including VVMC (2023, 2024).
